# Summer 2010 Projects

The partnership between the Arizona Southern Baptist Convention and the Virgin Islands Convention enters its third year having been blessed with tremendous growth and success. The 2009 summer projects were blessed to see over 115 new believers and a significant strengthening of the local churches. The work which began in the US Virgin Islands has grown to also include opportunities for ministry in the British Virgin Islands.

This project list is a *partial* listing of needs for the year of 2010. It is partial because new requests are being received from local VI churches on a regular basis. If you feel that God may be leading you to be a part of the Islands Project, please contact us so that we may give you the most current information and pray with you as you seek to serve.

<sup>1</sup> Sports Evangelism: In 2010 our emphasis for sports evangelism will be to conduct sports evangelism in partnership with the local churches at neighborhood housing areas. These evangelistic efforts will not be limited to any particular sport and will provide a means to attract youth and children to events that will expose them to the gospel of Jesus Christ.
